

A collection of Musashi gardening tools is displayed on a vibrant green lawn. In the foreground, a yellow and grey cordless tool with a curved handle and a metal attachment is prominent. Behind it, a long-handled tool with a yellow handle and a grey shaft is visible. In the background, another tool with a black handle and a yellow top is partially seen. The text 'GARDENING TOOLS' is centered over the image in a white, serif font, with a thin white horizontal line separating the two words.

GARDENING TOOLS

Musashi Inc. was founded in 1983 as a pioneer of unique and innovative garden tools in Miki, a city known as where “oldest metal hardware city” began in Japan. The first initiative succession was in the development of telescopic tree pruner which was light and easy to handle. All products are designed in Japan and manufactured in China under control of our company. Musashi Inc. will continue challenging to keep offering the garden tools of the highest quality to lead to the highest satisfaction and deep impression.
